IT PAYS TO ADVERTISE.

THINGS TO WORRY ABOUT

Talk about the L. & N. moving its terminal from Paris! Why, a NEWS reporter walking through the yards early the other morning saw four men busily engaged in putting new siding on two box cars. Isn't that an evidence of busy times?

PRAYER AT NOON FOR SUCCESS IN THE WAR.

In line with the movement adopted by nearly every city in the State, Paris had adopted the practice of sounding a bell each day for the purpose of reminding the people that we are in the war.

At noon each day the big tower bell of the Paris Fire Department will be sounded four or five times after the tolling of the hour of twelve by the big clock in the court house tower. This will be a reminder to the people to bow their heads and offer up a silent prayer for the success of the American and Allied arms in the great world-war struggle now going on in Europe. The movement has been in effect in many of the Central Kentucky cities for some time, and is proving to be one of the best daily reminders of the participation of America in the war, or to pick out the unpatriotic people.

When the bell sounded in the new program for the first time last Sunday its meaning was not generally understood, and many thought it was a fire alarm. From now on they may understand what its object is and act accordingly.

POLICE GET NEW UNIFORMS AND PATROL BOXES.

New summer uniforms will soon be donned by the members of the Paris police. The uniforms will be of the regulation style, of lightweight blue serge, the caps being white, with gold cord and the city's coat of arms. Police patrol boxes are being installed throughout the city, from which calls may be telephoned to headquarters for the "hurry-up wagon."

One of the boxes has been placed at the corner of Main and Eighth streets, another at the corner of Eighth street and Walker avenue, one at the corner of Main and Fourteenth streets, and one at the Tenth street passenger station of the Louisville & Nashville. Citizens may call the police by means of these boxes, which has a large bell attachment, that can be rung continuously until the police respond. It is certainly a great improvement and was fostered by Councilman John Merringer, Chairman of the Police Committee, who is untiring in his efforts to give Paris an up-to-date police service.

CALLED MEETING OF GROCERS

County Food Commissioner Lawrence Mitchell has issued a call for a meeting of all the grocers of the city of Paris, to be held at the court house next Friday night. The meeting will be held for the purpose of devising ways and means of preventing people from getting more than their allotment of sugar by giving orders to different grocers, or by getting other persons to act for them. It is the intention of the Food Commissioner to put an effectual stop to such practices.
